- (j) implement and, at least every two years, review the Company's Code of Ethics, foster high standards of ethical conduct and personal behaviour and hold accountable those directors, managers or other employees who engage in unethical behaviours;

2.5 Board Relationship with CEO

The Board acknowledges that its most important role is to provide high level counsel to the CEO, to constantly monitor the performance of the CEO against the Board's requirements and expectations and to take timely action if the objective of the Company is not being achieved or a correction to management is required.

3 COMPOSITION OF THE BOARD (INCLUDING NOMINATION AND APPOINTMENT TO, AND REVIEW OF, THE BOARD)

3.1 Board Skills

The Board should at all times comprise members whose skills, experience and attributes together reflect diversity, balance, cohesion and match the demands facing the Company.

 - (i) from 1 January to the close of trading on the business day after EBOS' half yearly results are announced to NZX and ASX; and
 - (ii) from 1 July to the close of trading on the business day after EBOS' annual results are announced to NZX and ASX; and
- (b) any extension to a closed period, and any additional period, as specified by the Board, (*Blackout Periods*).

Exceptional circumstances

If you are a Restricted Person and you consider that you need to Trade in EBOS Securities

during a Blackout Period due to exceptional circumstances, you must seek the prior written approval of the CEO using the Request for Consent form attached to this Policy and provide full details of the relevant circumstances. Examples of exceptional circumstances could be: (1) severe financial hardship where the Restricted Person has a pressing financial commitment that cannot be satisfied otherwise than by selling EBOS Securities; or (2) compulsion by court order, court enforceable undertakings or other legal requirement.

Approval will only be granted if the CEO considers, in their sole and absolute discretion, that the circumstances giving rise to the request are “exceptional”.

If approval is granted, you will be notified in writing and, notwithstanding Rule 4, you must complete the approved Trade within two business days from the date of notification of approval.

Approval does not mean that the Restricted Person is released from complying with the rest of this Policy or relevant insider trading laws – Trading is still prohibited if a Restricted Person who has secured approval is an Information Insider. In those circumstances, the approval will automatically be deemed to have been withdrawn.

NOTES

- 1 *Warning: A person who possesses Inside Information is generally prohibited from trading under applicable insider trading laws regardless of whether this Policy has imposed a Blackout Period or not.*

Rule 2 Don't Trade in EBOS Securities if you are an Information Insider.

If you are an Information Insider (i.e. you possess Inside Information) you must not Trade in EBOS Securities until the Inside Information becomes public knowledge unless you qualify under any of the following statutory exceptions and have completed the Request for Consent form and obtained the consent of the CEO (refer Rule 3).

The statutory exceptions *in New Zealand* to trading as an Information Insider are:

- (a) trading in EBOS Securities that is required by statutory enactment;
- (b) the acquisition of EBOS Securities under an underwriting or sub-underwriting agreement;
- (c) trading that is undertaken on behalf of another person and:
 - (i) the trading took place on that other persons specific instructions; and
 - (ii) before trading, that other person was not informed by you of the Inside Information; and
 - (iii) that other person was not advised or encouraged by you to instruct you to Trade.
- (d) trading that results from a takeover offer under the New Zealand Takeovers Code;
- (e) entering into an agreement to acquire or dispose of EBOS Securities at a fixed price under a future takeover offer that complies with the New Zealand Takeovers Code; or

- (f) the acquisition or disposal of EBOS Securities in performance of an agreement to acquire or dispose of EBOS Securities at a fixed price under a future takeover offer that conflicts with the New Zealand Takeovers Code.

NOTES

- 1 *Even if any of these statutory exceptions are applicable you must still complete the Request for Consent form and obtain the consent of the CEO.*
- 2 *In additions to the exceptions set out above, there are various defences against trading as an Information Insider (for example the “Chinese Wall defence” – refer section 261 of the Act). Even if you are of the view that any of the statutory defences apply to you, you must still complete the Request for Consent form and obtain the consent of the CEO.*

Rule 3 *Whenever you wish to Trade you must complete the Request for Consent form attached to this Policy and obtain the consent of the CEO before Trading (unless an Exception applies).*

Failure to comply with this procedure will be treated seriously. Full and accurate disclosure of all relevant facts must be made when completing the Request for Consent form.

The Consent can be given or refused in the CEO’s discretion without giving any reasons. The decision to grant or not grant Consent should be made judiciously. Generally, Consent will not be granted if EBOS is likely in the short term to release a periodic financial report or other financial data that might surprise the market or make an announcement of market sensitive information for the purposes of its continuous disclosure obligations.

The decision to refuse to give Consent is final and binding on the person seeking the Consent. If the Consent is not given, the person seeking the Consent must keep the information confidential and not disclose it to anyone.

The Consent (once obtained) remains valid for a period of 15 days.

A Consent can be withdrawn if new information comes to light or there is a change in circumstances.

For the avoidance of doubt, the giving of any Consent under this Policy is not an endorsement of your dealing and you must ensure your own compliance with the law, including the laws against insider trading.

You do not need to seek the consent of the CEO for the following Trading (each an *Exception*):

- (a) the acquisition of EBOS Securities through a dividend reinvestment plan;
- (b) applying for, or acquiring, EBOS Securities as a participant in an employee incentive scheme;
- (c) the acquisition of EBOS Securities as a result of a pro rata rights issue offer made to you;
- (d) the acquisition of EBOS Securities through a share purchase plan made available to all eligible shareholders; or

- (e) the disposal of EBOS Securities under an equal access buy-back, takeover offer or scheme of arrangement or the disposal of rights acquired under a rights issue.

Even though you do not need the consent of the CEO, your Trading is otherwise subject to this Policy (for example, Rule 2 'Don't Trade in EBOS Securities if you are an Information Insider' still applies even though you do not need CEO consent) and the relevant insider trading laws in New Zealand and Australia.

Rule 4 *Trading must be completed within 15 days of such consent.*

A new Request for Consent must be completed and the necessary consent obtained for Trades which will be completed more than 15 days after a previous consent was given.

Rule 5 *Trade only in your name or the name of your spouse or dependents except with the written consent of the CEO.*

The Trade must be conducted in your name or the name of, or on behalf of, your spouse or dependents, unless the written consent of the CEO to do otherwise is given.

Rule 6 *Avoid Short Term Trading.*

You must not buy and sell EBOS Securities over a period of three months or less (*short term trading*) It might give rise to allegations of insider trading particularly if short term trading is done on a regular basis or in large amounts.

No Restricted Persons may engage in short term trading unless there are exceptional circumstances discussed with and approved in writing by the CEO.

Rule 7 *Don't engage in margin lending.*

You are not permitted to have margin lending arrangements in relation to EBOS Securities as the terms may require EBOS Securities to be sold during a Blackout Period or when you possesses Inside Information. A margin lending arrangement would include:

- (a) entering into a margin lending arrangement in respect of EBOS Securities;
- (b) transferring EBOS Securities into an existing margin loan account; and
- (c) selling EBOS Securities to satisfy a call under a margin loan except where the holder of EBOS Securities has no control over the sale.

Restricted Persons may not enter into or continue with any margin loan arrangements to fund the acquisition of EBOS Securities or in relation to which EBOS Securities may be used as a security against repayment of the loan. This restriction extends to Restricted Persons' Associates.

You should consult the CFO if you are uncertain as to whether an arrangement would be classified as a margin lending arrangement, before entering into it.

Rule 8 *No hedging on unvested entitlements*

Restricted Persons are prohibited from entering into hedging arrangements (whether through the use of derivatives or otherwise) to limit their exposure in relation to unvested entitlements. This includes unvested shares, options or rights issued or acquired under

any employee incentive schemes where performance hurdles have not yet been achieved or other conditions have not yet been met.

A Restricted Person shall not enter into any transaction (including any hedging or derivative transaction) which will limit that person's economic risk in relation to such unvested shares, options or rights.

Rule 9 *Don't advise or encourage Trading (Tip).*

You must not directly or indirectly advise or encourage or procure any person to Trade or hold EBOS Securities or advise such person to encourage or procure any other person to Trade or hold EBOS Securities even if you do not believe you are an Information Insider.

Rule 10 *Don't disclose Inside Information to anyone where that person is likely to Trade or Tip EBOS Securities.*

You must not directly or indirectly disclose Inside Information to any person if you know or ought reasonably to know or believe that such person will, or is likely to:

- (a) Trade EBOS Securities; or
- (b) continue to hold EBOS Securities; or
- (c) advise or encourage another person to Trade or hold them.

Rule 11 *Don't make a false or misleading statement or disseminate false or misleading information.*

You must not make a statement or disseminate information where you know or ought reasonably to know that a material aspect of that statement or information is false or that the statement or information is materially misleading, where the statement or information is likely to:

- (a) induce a person to Trade in EBOS Securities; or
- (b) have the effect of increasing, reducing, maintaining, or stabilising the price for trading in EBOS Securities; or
- (c) induce a person to vote for, or vote against, a transaction, or to abstain from voting in respect of that transaction.

Rule 12 *Don't create a false or misleading appearance of trading.*

You must not do, or omit to do, anything which you know or ought reasonably to know will, or is likely to have, the effect of creating, or causing the creation of, a false or misleading appearance:

- (a) with respect to the extent of active trading in EBOS Securities; or
- (b) with respect to the supply of, demand for, price for trading in, or value of EBOS Securities.

Rule 13 *Only disclose Inside Information to other persons within the EBOS group of companies when they “need to know” it for the purposes of their job.*

Inside Information must not be freely discussed by you other than for required work purposes.

Rule 14 *Don’t disclose Inside Information to third parties unless they are covered by express or implied duties of confidentiality.*

Implied duties of confidentiality arise for example with respect to disclosure to legal advisors for the purposes of obtaining legal advice. Express obligations will arise where specific confidentiality agreements are entered into to cover disclosure in specific instances. If you are unsure whether appropriate confidentiality arrangements are in place, you should first discuss this with the General Counsel before disclosing any Inside Information.

Rule 15 *If you have Inside Information about another company, don’t Trade in or Tip the securities of that other company or communicate that Inside Information.*

If you have information about another company or about an industry which if known by others would make the securities of that other company or a company in that industry more or less valuable, and that information is not available to the public, you could breach the insider trading laws if you Trade those securities or if you encourage others to Trade in those securities or disclose the information to others where they are likely to Trade or Tip those securities, or encourage others to do so.

Rule 16 *Directors’ and Senior Managers’ Trading must be disclosed to EBOS, NZX and ASX.*

Trading in EBOS Securities by a Director must be advised to NZX and ASX within 5 trading days in order to comply with obligations under both the Act and the ASX Listing Rules.

All Trades in EBOS Securities by a Senior Manager must be disclosed to NZX (and will also be disclosed on ASX) within:

- (a) in the case of any of the following acquisitions or disposals, 20 working days after the acquisition or disposal:
 - (i) an acquisition under an employee share purchase scheme;
 - (ii) an acquisition under a dividend reinvestment plan;
 - (iii) an acquisition under a share top-up plan;
 - (iv) an acquisition or a disposal that results from an arrangement approved under Part 15 of the Companies Act 1993;
 - (v) a prescribed acquisition or disposal; or
- (b) in any other case, 5 trading days after the Trade.

Only Employees who are Senior Managers need to make NZX and ASX disclosures described below.

In respect of any Trade, if you are unsure as to whether you may be a Senior Manager and thus whether disclosure to NZX and ASX is required, you should raise this with the General Counsel.

It is your responsibility to ensure that the disclosure notices under the Act and, in the case of Directors only, under the ASX Listing Rules (*Disclosure Notice*) are prepared and disclosed within the statutory timeframes. The General Counsel or their delegate can assist Directors and Senior Managers with preparing Disclosure Notices and making the disclosure. A copy of the Disclosure Notices will be placed in EBOS's Interests Register and released to the NZX and ASX. You must provide all information required to submit a Disclosure Notice to the General Counsel or their delegate within the statutory timeframes.

If you have not received confirmation from the General Counsel or their delegate that the Disclosure Notice (either prepared by you or prepared by EBOS with information supplied by you) has been released on NZX/ ASX within 1 working day of providing the information/Disclosure Notice, you should enquire as to why the Trade has not been disclosed yet. Ultimately under the law, it is your responsibility to determine whether you need to file a Disclosure Notice with EBOS, NZX and ASX and for you to ensure that this is done.

Rule 17 *If in doubt - Don't!*

These rules are not exhaustive. Compliance is not an assurance of immunity from the insider trading law restrictions.

A breach of insider trading law or this Policy by you can have serious consequences for you and EBOS. If you breach the law it may result in a criminal conviction which may include fines and imprisonment. You should seek authoritative advice if you are unclear in any way about the application of the law or this Policy to you.

A breach of the law, this Policy, or both, will also be regarded by EBOS as serious misconduct which may lead to disciplinary action including dismissal.

Rule 18 *Chief Executive Officer trading.*

Where the CEO proposes to make any Trade, unless an Exception applies, the consent of the Chair shall be required and in any such instance any reference to the consent of the CEO in this Policy shall be read as a reference to the Chair's consent.

The Consent can be given or refused in the Chair's discretion without giving any reasons. The decision to grant or not grant Consent should be made judiciously. Generally, Consent will not be granted if EBOS is likely in the short term to release a periodic financial report or other financial data that might surprise the market or make an announcement of market sensitive information for the purposes of its continuous disclosure obligations.

Rule 19 *Director trading.*

Where a Director proposes to make any Trade (including where that Director considers exceptional circumstances apply), unless an Exception applies, the prior written consent of the Chair shall be required and in any such instance any reference to the consent of the CEO in this Policy shall be read as a reference to the Chair's consent.

Where the Chair proposes to make any Trade (including where the Chair considers exceptional circumstances apply), unless an Exception applies, the prior written consent of the Chair of the Audit & Risk Committee shall be required and in any such instance any reference to the consent of the CEO in this Policy shall be read as a reference to the Chair of the Audit & Risk Committee's consent.

Alternatively, a Director (including the Chair) may seek the prior consent of the Board to Trade at a meeting of the Board, in which case the consent, if provided, shall be recorded in the minutes for that meeting.

The Consent can be given or refused in the relevant Chair or the Board's discretion without giving any reasons. The decision to grant or not grant Consent should be made judiciously. Generally, Consent will not be granted if EBOS is likely in the short term to release a periodic financial report or other financial data that might surprise the market or make an announcement of market sensitive information for the purposes of its continuous disclosure obligations.

APPENDIX E: CONTINUOUS DISCLOSURE POLICY

INTRODUCTION

EBOS Group Limited ("EBOS Group" or "the Company") is listed on the NZSX and ASX. The purpose of this Continuous Disclosure Policy is to establish a framework to enable the Company to provide shareholders and the market with timely and balanced disclosure of relevant information about the Company in accordance with the respective listing rules of the NZSX and ASX (each, the "Listing Rules"), and applicable legislation in New Zealand and Australia.

The Board of Directors of EBOS Group Limited ("the Board") has approved this Continuous Disclosure Policy.

This policy reflects EBOS Group's commitment to:

- maintaining a fully informed market through effective communication with the stock exchanges on which the Company is listed and the Company's shareholders; and
- providing timely access to material information concerning the Company that is accurate, balanced, meaningful and consistent.

This policy applies to all directors, officers, employees and contractors of the Company and its subsidiaries.

CORE PRINCIPLES

The Company has continuous disclosure obligations under the Listing Rules and other relevant legislation in New Zealand and Australia, in addition to periodic and specific disclosure obligations.

EBOS Group must immediately notify the market, by way of making an announcement to the NZSX and ASX, of any material information related to its business.

Material information means any information that a reasonable person would expect to have a material effect on the price of the Company's securities. Materiality is assessed using measures appropriate to the Company and having regard to the examples given by NZSX in NZSX Listing Rule 10.1.1 and by ASX in ASX Listing Rule 3.1.

There are some exceptions to the obligation to disclose material information. Whether any such exception applies is a matter to be determined by the Disclosure Officers.

The Company is mindful of the need to keep interested parties informed through a timely, clear and balanced approach which communicates both positive and negative news.

DISCLOSURE OFFICERS

The Disclosure Officers referred to in this policy are the Chief Executive Officer, the Chief Financial Officer and the General Counsel.

It is the role of the Disclosure Officers to determine whether information is material information. If any of the Disclosure Officers deems it necessary to do so, a Disclosure Officer may seek external advice regarding the Company's continuous disclosure obligations in particular circumstances.

REPORTING POTENTIALLY MATERIAL INFORMATION

If any employee, officer or contractor of EBOS Group (or its subsidiaries) becomes aware of any information which they think could potentially be material information, they must immediately report such information to either:

- their manager; or
- a member of the Leadership Team.

Upon receiving a report regarding potentially material information, the recipient must then immediately report such information to a Disclosure Officer. It is important that all potentially material information, regardless of whether its consequences are fully known, be immediately reported in the manner described above.

Material information must be disclosed to NZSX and ASX first (that is, before disclosure to other interested parties such as investors, analysts, media, customers and suppliers). Accordingly, it is important to ensure that all material information or potentially material information is kept absolutely confidential until a Disclosure Officer confirms to you that the information may be disclosed.

DECISIONS ABOUT MARKET ANNOUNCEMENTS

Except as otherwise provided in this policy, all disclosures to NZSX and ASX must be approved by all Disclosure Officers. In the event a Disclosure Officer is unavailable at any given time, two Disclosure Officers may approve the disclosure.

Where a matter is considered for disclosure by the Disclosure Officers and they decide not to disclose the matter (including, for example, because an exception in the Listing Rules applies to such disclosure), the reason for that decision will be documented at the time and retained by the Company.

Recognising the need to ensure that material information is disclosed promptly and without delay, where practicable, approval will also be sought in advance from the following persons in relation to proposed announcements:

- from the Chairman of the Board or, where the Chairman cannot be contacted, from the Chairman of the Audit and Risk Committee, where the information to be announced is a significant material disclosure including changes to business strategy or other material updates; and
- from the Board, where the announcement relates to a trading halt in the Company's shares or contains information intended to update the market's expectations concerning EBOS Group's financial results.

Annual and interim financial results

Proposed disclosures of the Company's draft annual and interim results and accompanying news releases and presentations must be reviewed by the Audit and Risk Committee prior to approval by the Board.

Regular review by the Board

At each Board meeting, the Board is advised of, and will specifically consider, continuous disclosure matters.

DISSEMINATION OF INFORMATION

The General Counsel is responsible for all of the Company's communications with NZSX and ASX. Once a release is approved, the General Counsel (or their nominee) shall lodge the disclosure with these stock exchanges.

INADVERTENT DISCLOSURE OR MISTAKEN NON-DISCLOSURE

If:

- material information is inadvertently revealed before it is disclosed to the NZSX and ASX; or
- a director, officer, contractor or employee becomes aware of information which should be disclosed,

a Disclosure Officer must be informed immediately so that appropriate action can be taken including, if required, announcing the information to the NZSX and ASX and then posting it on the Company's website.

AUTHORISED SPOKESPERSONS

EBOS will keep the number of persons authorised to speak on behalf of the Company to an appropriate level in order to avoid inconsistent communications and to reduce the risk of information being selectively released.

The only spokespersons authorised to speak on behalf of the Company are the Chairman and the Chief Executive Officer, or a person approved by the Chairman or Chief Executive Officer.

Other than these authorised spokespersons, no other person is permitted to comment publicly on Company matters.

MEDIA SPECULATION

EBOS Group will generally not comment on media speculation and rumours.

However, where the market commentary or speculation indicates that previously undisclosed confidential material information is no longer confidential or where applicable Listing Rules require a formal response from the Company (e.g. where the speculation/rumours result in a false market developing in the Company's securities), the Company must make a statement to NZSX and ASX. The Disclosure Officers will determine if this is the case.

The same principles apply in relation to speculation and rumours appearing in non-mainstream media such as on the internet or on social media.

EBOS Group will not disclose, under an embargo arrangement, any information that it intends to make public at a later time.

TRADING HALTS

In order to maintain a fully informed, fair and transparent market in respect of the Company's securities, the Disclosure Officers may consider requesting a trading halt from NZSX and ASX.

INVESTOR RELATIONS PROGRAMME

The Company will respond on a timely basis to reasonable requests from investors and analysts for comment on Company matters.

The Company does not permit selective disclosure of material information. All investors are to be treated in a balanced and fair fashion. One-on-one and group briefings with investors or analysts will be restricted to discussion of previously disclosed information. If material information is inadvertently disclosed at a briefing, the Company must immediately release that information to the NZSX and ASX.

A Disclosure Officer must be briefed immediately after discussions or meetings with investors or analysts where material information may have been inadvertently revealed.

EBOS Group will make a record of all discussions or meetings with investors or analysts unless a recording or transcript of the presentation is published on the Company's website. The Investor Relations Manager will review records of discussions or meetings with **investors** or analysts afterwards to check whether any material information has been inadvertently revealed.

EBOS Group prefers webcasting and/or teleconferencing any major business briefings it has with groups of interested parties (such as investors or analysts). Planned webcasts and teleconferences of events will be advised beforehand so interested parties may participate.

Any new and substantive investor or analyst presentations (for example, for use in investor or analyst briefings or meetings) will be given to NZSX and ASX for release to the market and published on the Company's website ahead of the presentation being delivered to ensure all shareholders and investors have equal access to the Company's information.

RESULTS REPORTING PROGRAMME & BLACKOUT PERIODS

During the time between the end of the financial year or half year and the release of results for the period ("blackout periods"), EBOS Group will generally not discuss with any third party the Company's financial performance, broker forecasts or forecast ranges or any other financial results-related information unless the information discussed has already been disclosed to NZSX and ASX.

In very limited circumstances, meetings or discussions with investors or analysts may be permitted during a blackout period. Any such discussion or meeting must be approved by a Disclosure Officer prior to the meeting or discussion taking place.

ANALYST FORECASTS AND REPORTS

EBOS Group will survey broking analysts' financial and key operating metric forecasts on a regular basis in order to inform the Board of market expectations.

In responding to analyst, shareholder and investor queries, reports or forecasts, an authorised spokesperson must:

- not disclose material information that has not been previously disclosed to NZSX/ ASX;
- ensure all responses are balanced, factual and truthful; and
- confine comments on market analysts' financial projections to errors in factual information or underlying assumptions.

Where a query can only be answered by disclosing material information, an authorised spokesperson must decline to answer that query.

If EBOS Group becomes aware that in general the market's earnings projections materially differ from its own estimates, the Company may consider it appropriate to issue an earnings guidance or other statement.

POLICY REVIEW

The Audit and Risk Committee will review this policy annually and recommend any proposed changes to the Board for approval.

ADMINISTRATION OF POLICY

The General Counsel is responsible for the Company's compliance with statutory and NZSX and ASX continuous disclosure requirements.

The General Counsel will arrange training as required for the Company's officers and relevant employees to:

- assist with their understanding of the Company's and their own legal obligations relating to disclosure of price sensitive information, materiality and confidentiality;
- raise awareness of internal processes and controls; and
- promote compliance with this policy.

The General Counsel may also require that the Company's officers and relevant employees confirm, on a regular basis, that they have made all reasonable enquiries to ensure all material information required to be disclosed by the Company has been provided to a Disclosure Officer.

In order to drive sustainable business performance and to execute the strategic plan, EBOS Group must attract and retain people of a high calibre. Accordingly, the Board (or a Committee of it) will set remuneration with regard to this and other key business objectives, including encouraging a long-term commitment to EBOS Group.

Specifically in relation to executives:

- EBOS Group's guiding remuneration principles and philosophy which applies to all employees of EBOS Group and its subsidiaries (as more fully described below) informs this policy;
- it is the policy of EBOS Group to align executive remuneration with the performance of EBOS Group and that executive remuneration should be comprised of both fixed and 'at risk' (or performance-based) elements. The purpose of this is to ensure that the interests of the executives are aligned with the interests of EBOS Group and its shareholders.

Remuneration Philosophy

EBOS Group believes that it is in the best interest of both the company and its employees to pay everyone fairly for the value of the work performed, in a financial responsible manner. We adopt an objective, market-competitive system to determine the remuneration levels of roles in the company based on the job requirements, skills, and knowledge required of a fully competent job incumbent without bias. Our approach is also flexible enough to ensure that we are able to recruit and retain a highly qualified workforce.

Remuneration Guiding Principles

EBOS Group's remuneration guiding principles are:

- business alignment;
- market competitiveness;
- workforce segmentation; and
- reward for performance.

Executive and Director Remuneration Governance & Practices

As set out in the Charter for the Remuneration Committee, the Committee is responsible for reviewing, recommending and, if delegated by the Board, setting, in accordance with this policy and Group practices, all components of the remuneration of the directors and executives.

In accordance with the Board's current practices:

- the Remuneration Committee is responsible for approving the remuneration of executives³; and
- the Remuneration Committee is responsible for recommending non-executive director remuneration to the Board;
- the Board is responsible for approving non-executive director remuneration.

The Board is responsible for approval of remuneration policies, including this policy.

Executive Remuneration

The structure of executive remuneration is as follows:

Fixed remuneration

A key component of remuneration is the fixed remuneration component (salary). Fixed remuneration is set by reference to the person's position, performance at EBOS, their qualifications and their experience. Market data for executive remuneration for comparable companies (by size, industry classification and/or complexity) is also taken into account in setting an executive's salary from year to year.

Fixed remuneration also includes a component of compulsory superannuation contributions for Australian-based executives and may include KiwiSaver contributions for New Zealand-based employees.

Short term incentive (STI)

The STI is currently an annual cash payment which is dependent on the achievement of performance metrics set for each executive. The Short Term Incentive ('STI') is designed to align individual performance and behaviours with the strategic and financial objectives of EBOS Group.

The performance metrics are set by reference to the executive's responsibilities and particular projects relevant to that executive and the business or function for which they are responsible. The purpose of the STI is to reward executives for meeting measurable objectives linked to a financial year.

For example, for executives that are responsible for businesses in the Group, their performance measures may be set by reference to the performance of that business and the Group as a whole.

For executives that have functional responsibilities, their performance objectives may be set by reference to the financial performance of the Group.

Long term incentive (LTI)

EBOS Group has a long-term incentive plan. The objective of the plan is to motivate, retain and reward executives for the continued growth and development of EBOS Group, and to align executive interests more closely with the interests of shareholders by providing an opportunity for executives to receive an equity interest in EBOS Group and to share in any future growth in the value of EBOS Group.

The performance conditions related to an LTI plan are related to the financial performance of the Group over a 'performance period' (usually three years). The purpose of the LTI plan is to align a portion of executives' remuneration with the medium to long term performance of the Group.

The Committee determines whether an LTI plan will operate and the extent (if any) to which each executive is invited to participate in an LTI plan.

³ Any issue of shares or performance rights as part of remuneration (for example, as part of a long term incentive plan) must be approved by the Board.

Weightings of components of remuneration

The weightings of the remuneration components is as determined by the Committee from time to time having regard to market practice, the responsibilities of the CEO and the Executive Leadership Team, the performance of EBOS Group and any strategic projects of EBOS Group from time to time.

EBOS will provide a summary of the weightings of the remuneration of the CEO and the Executive Leadership Team in its Corporate Governance Statement.

Non-executive director remuneration

To support the attraction and retention of directors of the highest calibre and requisite expertise from New Zealand, Australia and internationally, the remuneration of non-executive directors should be set having regard to:

- the time commitment and responsibilities of the non-executive directors (including any commitment as a member of a standing or ad hoc Board committee and special exertion for significant project work outside of the normal workload for the Board and Committees); and
- market rates for non-executive director remuneration for comparable companies (by size, industry classification and/or complexity).

Non-executive director remuneration is in the form of fees.

Non-executive directors should not receive performance-based remuneration. Accordingly, fees should be 'fixed' in that they are not variable year-to-year based on the performance of the Group.

In addition, termination or retirement benefits (such as 'golden parachute' payments) should not be paid to non-executive directors.

The maximum aggregate amount of fees (inclusive of superannuation) that can be paid to directors is subject to approval by shareholders at the Annual Meeting.

APPENDIX I: ANTI-BRIBERY AND CORRUPTION POLICY

1. Background and Purpose

EBOS Group Limited and its subsidiaries (collectively, EBOS) is committed to maintaining high ethical standards and full compliance with the law in all aspects of its business.

EBOS has zero tolerance for bribery or corruption in connection with its operations and activities.

EBOS has adopted this Anti-Bribery and Corruption Policy (the Policy) to promote full compliance with the anti-bribery and anti-corruption laws that apply to its business in or outside of New Zealand and Australia, and this commitment is embodied in the EBOS Code of Ethics.

The Board of EBOS Group Limited has approved this policy

2. Scope

The Policy applies to all directors, officers, employees, contractors and representatives of EBOS and any ventures or entities effectively controlled by EBOS (EBOS people). It applies to all EBOS operations and activities globally.

3. Responsibilities

It is the responsibility of all EBOS people to ensure that they understand and comply with the Policy and are vigilant to “red flag” issues or significant bribery risks. A non-exhaustive list of significant bribery risks or “red flags” are set out in Appendix 1 of this Policy.

If you are uncertain about any aspect of the Policy, or the appropriate course of action to take in a certain situation relevant to the Policy, you should contact your manager or Group Legal.

The Audit & Risk Committee of the EBOS Board is responsible for the overall administration of the Policy and will monitor its implementation by:

- reviewing the suitability and effectiveness of the Policy every 2 years; and
- reviewing and reporting on actual and reported breaches of the Policy every 6-12 months (depending upon the frequency of reported incidents).

4. The Key Dos and Don'ts

Do	Don't
1 Know your obligations under the Policy.	1 Offer, give, solicit or accept bribes.
2 Complete due diligence on third parties and ensure anti-bribery provisions are in contracts where required.	2 Make facilitation payments.
3 Keep accurate and transparent records.	3 Offer, pay, solicit or accept secret commissions.
4 Do your anti-bribery training.	4 Give or accept improper gifts, hospitality or entertainment.
5 Report suspected instances of breach.	5 Engage in money laundering.

5. Consequences of Breaching the Policy

Bribery and the other corrupt conduct addressed by the Policy are very serious breaches of this policy and potentially are criminal offences. All reported incidents will be taken seriously, reviewed and thoroughly investigated. Depending on the circumstances, the incident may be referred to regulatory and/or law enforcement agencies.

A breach of the Policy may be regarded as serious misconduct, leading to disciplinary action that may result in termination of employment. A breach of the Policy may also expose EBOS people and EBOS to criminal and/or civil penalties, substantial fines, exclusion from tendering for contracts, loss of business and reputational damage.

6. Prohibitions against Bribery and Corruption

EBOS has zero tolerance for bribery or corrupt conduct in connection with its business.

EBOS people **must not**:

- Engage in bribery: The act of offering, promising, authorising, providing, soliciting or receiving a benefit (including a non-monetary benefit) with the intention of influencing a public official or person in the private sector in the performance of their duties, to obtain business or a business advantage that is not legitimately due.
- Engage in corruption: The misuse of entrusted power or office, whether in the public or private sector, for private gain.
- Make facilitation payments: The payment of a nominal amount or other inducement to a public official, either directly or indirectly, to secure or expedite the performance of a routine action or function that the public official is already obliged to perform. For example, payments made in order to expedite customs clearance following the purchase of raw materials in Thailand.
- Offer, pay, solicit or receive secret commissions: Where a person or entity offers or gives a commission to an agent or representative of another person (the 'principal') that is not disclosed by that agent or representative to the principal. The commission is made as an inducement to influence the conduct of the principal's business. For example, if an EBOS employee made a payment to an agent of a prospective distribution partner in return for that agent facilitating EBOS securing favourable commercial terms in the distribution agreement, and that agent did not disclose the payment to the distribution partner, that payment would constitute a secret commission.
- Engage in money laundering: The process by which a person or entity conceals the existence of an illegal source of income and then disguises that income to make it appear legitimate. For example, a supplier in China insisting that EBOS start making payments in return for goods purchased in China into an offshore bank account to conceal the fact that they are manufacturing the goods without the requisite licence to do so.
- Offer or accept gifts, entertainment or hospitality otherwise than in accordance with the requirements set out in the Policy.
- Engage with third parties without following the due diligence and contractual controls requirements set out in the Policy.

7. **Gifts, Entertainment and Hospitality**

EBOS people must not offer or accept gifts, entertainment and hospitality unless the following conditions are all met:

- given for the purpose of general relationship building only;
- not intended, and cannot reasonably be construed, as an attempt to improperly influence the recipient's performance of a role or function;
- complies with the local laws and regulations of the jurisdiction in which it is made;
- given in an open and transparent manner; and
- does not include cash, loans or cash equivalents (such as gift certificates or vouchers).

Each business or division must maintain a Gifts, Entertainment and Hospitality Register. All EBOS people must record gifts, entertainment or hospitality given or received that are to the value of over NZD/ AUD\$200. The executive in charge of a business or division must ensure that the Register is kept up to date and provide Group Legal with copies of the Register as requested by Group Legal.

8. **Political Donations**

EBOS people are prohibited from making donations to political parties, organisations, incumbents, candidates or any public official on behalf of EBOS.

However, EBOS may choose to make donations to political parties because it believes they would enable the parties to perform their functions better and to improve the democratic process. The context of any political donations is key in determining their appropriateness.

All political donations must be approved by the EBOS Group Board before being made.

9. **Engagement with Third Parties**

9.1 **Due diligence**

Prior to engaging any third parties, EBOS people must conduct due diligence if the third party constitutes any of the following: potential joint venture partner, merger or acquisition target, recipient of a charitable or political donation, community program partner, material supplier, or an agent or intermediary that may engage with government or other business partners on EBOS' behalf.

If due diligence is required, EBOS people must complete the Due Diligence Checklist available on the intranet or from Group Legal. Where any red flags are identified in the course of completing the Checklist, EBOS people must inform Group Legal. Group Legal must confirm whether it is appropriate to proceed with the engagement in those circumstances.

9.2 **Contractual controls**

If due diligence on a particular third party was necessary, any engagement with that third party must include clauses addressing anti-bribery and corruption. These clauses are available on the intranet or from Group Legal.

9.3 **During the engagement**

During the engagement, EBOS people must maintain oversight of the work of the third party (including, where appropriate, requesting and reviewing progress reports, invoices and other documentation) in order to confirm that legitimate work has been undertaken and improper payments have not been made.

Any red flags must be reported to Group Legal. Group Legal must fully document and investigate all red flags identified during the engagement.

9.4 **Training**

All EBOS people must complete online and/or face-to-face training as directed by Group Legal. Group Legal will keep records of EBOS people that have received training on the Policy.

10. **Documentation and Record-keeping**

Group Finance and the finance and commercial team within a business must record all financial transactions accurately, completely and fairly in accordance with EBOS' internal accounting controls. Books and records must record, in reasonable detail, the parties, payment arrangements and purpose of all transactions and disposition of assets. No accounts are to be kept 'off the books' for any reason.

11. **Reporting**

EBOS people must immediately report any actual or suspected breaches of the Policy to their manager, the executive in charge of the business or division or Group Legal.

Group Legal must investigate all reported actual or suspected breaches of the Policy. Group Legal must also report all material breaches of the Policy to the Audit & Risk Committee of EBOS Group Limited.

Appendix 1: Potential Bribery/Corruption risk scenarios: "red flags"

There are a number of issues i.e. "red flags" that may raise concerns and require further investigation/due diligence into whether a particular transaction presents a potential bribery issue. Potential issues that may call for further investigation include (this list is not intended to be exhaustive):

- A third party engages in, or has been accused of engaging in, improper business practices;
